

Hello Incoming Second Grade Parents,

My name is Mrs. Barzaga and I will be your child's Second Grade teacher. I am so happy to be receiving your children this new academic 2022-2023 year. During the summer students will be reading two chapter books, Zoey and Sassafras, Dragons and Marshmallows. This is a super cute story about a little girl who loves science and experiments. She finds out a secret and is thrown into a world of magical animals and she has to save them. My class this year absolutely loved it. Some read it twice. It is a chapter book but very small and

Attached you will find the assignment students must complete after reading each book. These assignments will be turned in the first week of school. You may send it together with their school supplies the first week of classes.

Have a great summer,

Marion Barzaga

Name: _____ Date: _____

Zoey
SASSAFRAS

TRAIT DETECTIVE

We can infer character traits by analyzing feelings, thoughts, actions and words. Write six of Zoey's character traits in the magnifying glasses below. In each handle, write a page number where you found proof showing that trait. You can use some of the traits floating around on this page or think of others. Just remember that you must prove it with a page number!

responsible

curious

smart

sad

calm

friendly

creative

brave

careful

nervous

cheerful

polite
